### Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

#### Domain:01 Ratio & Supervision

Rule: 5101:2-12-19 Supervision

Code: The program staff is required to protect or remove a child from a situation and/or person that are determined to be unsafe or inappropriate.

Allegation: Staff are not properly supervising children.

Determination: Substantiated

Findings: During the inspection, it was determined the administrator, child care staff, and/or employees of the program did not protect or remove children from a situation and/or person determined to be unsafe or inappropriate as noted in number(s) 5 below:

1. Verbal argument involving adults.
2. Staff member(s) allowed child(ren) to do something unsafe.
3. Staff member(s) did something unsafe.
4. Children were exposed to inappropriate [language; conversation; behavior; video; music; DVD] by a [staff member/child/parent].
5. Other: A child bit another child multiple times, including twice while a child was asleep on their cot.

While the program did not protect the child(ren) from an unsafe or inappropriate situation and/or person, it was determined the situation would not or did not result in a serious incident or injury to a child. All program employees must take actions to protect children in care. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.
