Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Moderate Risk Non-Compliances

Domain:04 Indoor/Outdoor Space

Rule: 5101:2-12-11 Outdoor Play Fall Zones

Code: The program is required to provide adequate fall surface for the outdoor play space.

Findings: During the inspection, it was determined that the playground did not have adequate fall surface under and around equipment as noted in number 1 below:

- 1. No fall surface Slides placed directly on the grass.
- 2. Adequate fall surface to soften the impact of a fall
- 3. Adequate fall surface to soften the impact of a fall that extended the length of the required fall zone

With any equipment designed for climbing, swinging, bouncing, or sliding, resilient material, as specified in Appendix A, needs to be added in order to protect children in the event of a fall. Submit the program's corrective action plan, which includes written verification of the discontinued use of this equipment until corrections are made along with a description of the resilient material added, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 07/03/2024
