Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:01 Ratio & Supervision

Rule: 5101:2-12-19 Supervision

Code: The program is required to notify their local public children services agency of any suspicion of abuse or neglect against a child.

Allegation: Child care staff members did not immediately notify the Public Children's Services Agency of suspected child abuse or neglect.

Determination: Substantiated

Findings: During the inspection, it was determined that the program failed to immediately notify their local public children services agency (PCSA) of suspicions that a child had been abused or neglected. Multiple staff members stated they saw signs of abuse or neglect of a child in their care and they did not notify the local PCSA for at least two months.

Provide staff training and provide a written or electronic notice of the serious risk non-compliance (SRNC) to all parents of enrolled children within fifteen business days of receipt of the non-compliance.

Submit the program's corrective action plan, which includes a description of action taken to assure that all staff are knowledgeable of their responsibilities, and a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Risk Level: Serious
