## **Center Licensing Inspection Full Report**

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at <a href="http://jfs.ohio.gov/CDC/childcare.stm">http://jfs.ohio.gov/CDC/childcare.stm</a>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

## **Summary of Non-Compliances**

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances		
No Serious Risk Non-Compliances were observed during this inspection		

## **Moderate Risk Non-Compliances**

**Domain: 04 Indoor/Outdoor Space** 

Rule: 5101:2-12-11 Outdoor Space Requirements

<u>Code</u>: The program is required to have an outdoor play space free from immediate risk.

<u>Finding</u>: During the inspection, it was determined that an area was used which was not protected from traffic and other hazards by a continuous fence in good condition, or natural barrier, that ensured children were not able to leave the playground area. The fence or natural barrier was determined to present an immediate risk for a child to be able to leave the play space as noted in number 10 below:

- 1. The fence, natural barrier, or combination of fence and natural barrier was not continuous.
- 2. The fencing had missing slat boards through which children could leave the playground.
- 3. The gate was broken and did not close.
- 4. The latch on the gate was broken.
- 5. The gate had no latch.

- 6. The fencing was broken.
- 7. The latch was easily opened by children on the playground.
- 8. The latch was not engaged to prevent children from opening the gate.
- 9. The portable fencing approved for use by the Department was not being used.
- 10. A group was observed using the yard between the building and driveway, where there was no fence or natural barrier.

Discontinue use of the play space and provide a space for outdoor play which is well defined by a continuous fence or natural barrier and protected from other hazards. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 06/27/2024
