

Center Licensing Inspection Full Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at <http://jfs.ohio.gov/CDC/childcare.stm>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03 and 5180:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

No Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain: 00 License & Approvals

Rule: 5180:2-12-04 Fire Inspection

Code: The program is required to have all spaces used for child care inspected by the fire department or the state fire marshal's office prior to serving children. The program is required to obtain a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection. If violations are noted during the inspection, the program is required to have all violations corrected and have the program re-inspected to obtain a completed fire form.

Finding: During the inspection, it was determined the program did not meet the requirements for fire inspection as noted in numbers 1 & 2 below:

1. The program did not have documentation on file for a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection and the request for the new inspection was not made at least 30 days prior to the expiration of the previous fire inspection.
2. The documentation for the most recent fire inspection contained violations that had not been corrected.
3. The [] space was being used and had not been approved by the fire department or the state fire marshal's office for child care.

Submit the program's corrective action plan, which includes an updated fire inspection without any uncorrected violations, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 10/05/2025

Domain: 01 Ratio & Supervision

Rule: 5180:2-12-18 Ratio

Code: The program is required to maintain the appropriate staff to child ratio for each group served.

Finding: During the inspection, a ratio of 1 child care staff member for 7 or 8 children was determined to have occurred for the infant group (Jr. Toddler Class) when the situation in number 10 below occurred:

1. A child care staff member stepped out of the room.
2. A child care staff member had not arrived at work on time.
3. Children were present who were not scheduled to be there.
4. A child care staff member was unable to work.
5. A child was injured in that group.
6. A child arrived in the group before a second staff member was scheduled to arrive with the group.
7. Two groups were combined, and the program did not follow the ratio for the youngest child in the group.
8. A child was transitioning to the next older age group, and the program did not follow the ratio for the youngest child in the group.
9. Ratio was doubled for more than two hours while children were napping.
10. Ratio was doubled while children were napping for a group that included at least one infant.
11. Ratio was doubled while children were napping and there were not enough staff members in the building to meet staff/child ratio.
12. Ratio was doubled in the school age group to allow access to the program, however, the program does not serve only school age children.
13. Both child care staff members did not have a working communication device when one staff member left the group to allow access to the school age only program.
14. The child care staff member did not return to the group after allowing access to the school age only program.
15. Other [].

Current child care staff members must be rescheduled to maintain compliance. Unless all of the children are 18 months old, the ratio cannot be doubled at any time. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 10/05/2025

Domain: 08 Staff Files

Rule: 5180:2-12-09 Background Check Requirements

Code: The program is required to have all staff request background checks as required and receive a JFS 01176 or preliminary approval from ODJFS prior to allowing an individual to engage in assigned duties or be near children.

Finding: In review of the staff records, it was determined that background checks did not meet the requirements of the rule for the persons listed on the Employee Record Chart as noted in numbers 1, 3 & 5 below:

1. The request for a background check for child care was not submitted in the OPR.
2. The fingerprints were not submitted electronically according to the process established by BCI.
3. The individual(s) had engaged in assigned duties or were near children and preliminary approval from ODJFS was not on file.
4. Background checks were not updated every five years.
5. The child care staff member had sole responsibility of children in the jr. toddler group when her co-worker took her lunch break.

Submit the program's corrective action plan, which includes a copy of the JFS 01176, or a copy of the preliminary approval or a statement that the individual(s) are no longer engaged in assigned duties and are not near children until the preliminary approval has been received, to the Department to verify compliance with the requirements of this rule.

Low Risk Non-Compliances

Domain: 02 Safe & Sanitary Environment

Rule: 5180:2-12-12 Safe Environment

Code: The program is required to provide an environment that protects the children in care from any items and conditions that may threaten their health, safety, and well-being.

Finding: During the inspection, it was determined that children in the toddler room were not protected from a condition which may threaten their health, safety, or well-being as noted in number 13 below:

1. Surge protectors/outlets did not have childproof receptacle covers.
2. Open pull cords that are not closed loop.
3. Toys or other items small enough to be swallowed were present in the space where infants and/or toddlers were in care.
4. Electrical/extension cords attached to an object that would not likely result in a severe injury if pulled.
5. Stacked chairs.
6. Employee(s) purse(s).
7. Diaper bags.
8. Television not securely anchored.
9. Small or lightweight pieces of shelving units are not securely anchored to the wall.
10. Smoke detector needing batteries replaced.
11. An area rug did not have a nonskid backing.
12. An area rug presented a tripping hazard.
13. A floor surface that was unsafe in that at least one piece of flooring was not glued down and some were warped/chipped from water damage.
14. No platform was provided for the sink or toilet in the [] classroom.
15. The platform provided for the sink or toilet in the [] classroom was not sturdy.
16. The platform provided for the sink or toilet in the [] classroom posed a safety hazard in that [].
17. Telephone cords.
18. Staff member stepped over a barrier/gate while holding a child.
19. Emergency exits were blocked by the following classroom furniture: [].
20. A mercury thermometer was being used to take a child's temperature.
21. Methods of ventilation used did not provide protection from rodents, insects, or other hazards.
22. Other [].

Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 10/05/2025

Domain: 04 Indoor/Outdoor Space

Rule: 5180:2-12-11 Outdoor Space Requirements

Code: The program is required to have an outdoor play space free from immediate risk.

Finding: During the inspection, it was determined that an outdoor play area was used which was not protected from traffic and other hazards by a fence in good repair. Although the fence was not meeting the rule requirements, it was determined to not present an immediate risk for a child to be able to leave the playground. The fence or gate was not in good repair and/or being used inappropriately as noted in number 5 below:

1. The fencing had missing slat boards.

2. The fencing was broken.
3. The fencing was loose.
4. The fencing was rotting.
5. The gate was broken and did not close securely.
6. The gate was locked.
7. The latch on the gate was broken.
8. The latch was easily opened by children on the playground.
9. The latch was not engaged to prevent children from opening the gate.
10. The gate had no latch.
11. There were bolts with more than two threads exposed along a fence line or gate on a playground.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 10/05/2025

Domain: 04 Indoor/Outdoor Space

Rule: 5180:2-12-11 Outdoor Play Equipment

Code: The program is required to provide equipment that does not pose a safety risk and must follow the manufacturer's guidelines for assembling, installing and using the equipment.

Finding: During the inspection, it was determined that outdoor play equipment was unsafe or not used as intended as noted in numbers 2,3,5,6 &17 below:

1. There was rust exposed.
2. There were protruding bolts/screws.
3. There were cracks in several toys, picnic tables, play houses/kitchens.
4. There were holes.
5. There was splintering wood and slats that were not secured on the wooden climber.
6. There were sharp edges or points.
7. There were lead hazards.
8. There were toxic substances.
9. There were tripping hazards.
10. There was chipped and/or peeling paint.
11. The sandbox was not covered when the program was closed or during non-daylight hours.
12. Outdoor equipment, [], was not developmentally appropriate.
13. Outdoor equipment, [], was placed in the main traffic pattern.
14. Outdoor play equipment, [], was positioned too closely together, posing a risk of injury if a child were to fall from one piece of equipment into another.
15. Outdoor equipment, [], was not securely anchored but did not present a risk of imminent danger of the structure collapsing when children are using the equipment
16. Outdoor equipment, [], was 30 inches or more from the ground and did not have a protective barrier that would prevent a child from falling off this piece of equipment.

17. The manufacturer's guidelines for assembly and installation were not followed in that pieces were missing on several items.
18. Functionally linked equipment was used by preschool-age children and the distance between two adjacent pieces of equipment exceeded 12 inches.
19. Functionally linked equipment was used by school-age children and the distance between two adjacent pieces of equipment exceeded 18 inches.
20. Other [].

It is strongly recommended to remove the wooden climber and small white fence around the infant/toddler tunnel. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Domain: 05 Health & Safety

Rule: 5180:2-12-16 First Aid/Standard Precautions

Code: The program is required to have a first aid kit onsite.

Finding: During the inspection, it was determined first aid kit(s) at the program had missing, or expired, items that are required by appendix A of this rule to be contained in a first aid kit, as noted in number 15 below:

1. The program did not have a first aid kit [onsite, on the vehicle, on a field trip].
2. One roll of hypoallergenic first-aid tape.
3. Individually wrapped sterile gauze squares in assorted sizes.
4. Sterile adhesive bandages in assorted sizes.
5. Tweezers.
6. Gauze rolled bandage.
7. Triangular bandage.
8. Rounded end scissors.
9. Tooth preservation system or fresh chilled liquid milk in which to transport a lost permanent tooth, including a written reference indicating location of the refrigerator/freezer where milk is stored if a tooth preservation system is not part of the first aid kit (for programs serving school age children only).
10. A working digital thermometer.
11. Disposable non-latex gloves.
12. A working flashlight.
13. An instant cold pack that has not been activated or ice, including a written reference indicating location of the refrigerator/freezer where the ice is stored if an instant cold pack is not part of the first aid kit.
14. Sealable leak-proof plastic bags in assorted sizes or double bagged plastic bags that can be securely tied for materials soiled with blood or bodily fluids.
15. Pocket mask or face shield, appropriate for all ages of children in care, for cardiopulmonary resuscitation (CPR) administration.
16. Soap or waterless sanitizer (field trip or transporting away from the program only).
17. Bottled water (field trip or transporting away from the program only).

Technical assistance was provided at the time of the inspection, and as discussed, please correct this rule noncompliance. A written response for this rule noncompliance is not required at this time.

Domain: 07 Diapering & Infant Care

Rule: 5180:2-12-23 Infant Bottle and Food Preparation

Code: The program staff is required to label bottles containing formula or breast milk.

Finding: During the inspection, it was determined that bottles containing breast milk/formula for a particular infant were not labeled with the child's name, date pumped and date of preparation. Technical assistance was provided at the time of the inspection, and as discussed, please correct this rule noncompliance. A written response for this rule noncompliance is not required at this time.

Domain: 07 Diapering & Infant Care

Rule: 5180:2-12-20 Cribs

Code: The program is required to obtain written permission from parents of children who are over 12 months old and will using a cot/mat instead of a crib.

Finding: During the inspection, it was determined that an infant who was 12 months or older was assigned to a cot without written permission from the parent, as required by this rule. Technical assistance was provided at the time of the inspection, and as discussed, please correct this rule noncompliance. A written response for this rule noncompliance is not required at this time.

Domain: 08 Staff Files

Rule: 5180:2-12-10 Health Training Requirements

Code: The program is required to have all child care staff members complete training in child abuse and neglect recognition and prevention within sixty days of hire. Staff must complete training in first aid and CPR within the first ninety days of hire.

Finding: In review of the staff records, it was determined that at least one child care staff member had not completed required health and safety training as noted in numbers 2,3,4,5 & 6 below:

1. Child abuse and neglect recognition and prevention training was not completed within sixty days of hire.
2. First aid training was not completed within ninety days of hire.
3. Cardiopulmonary resuscitation (CPR) training was not completed within ninety days of hire.
4. The child abuse and neglect recognition and prevention training was expired.
5. The first aid training was expired.
6. The CPR training was expired.

Refer to the Employee Record Chart for the name(s) of the child care staff member(s) who must complete the required health and safety training(s). Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Domain: 08 Staff Files

Rule: 5180:2-12-08 Orientation Training & Whistle Blower Protection

Code: The program is required to have staff complete the online staff orientation training. Additionally, the training must be completed before they are permitted to have sole responsibility of children.

Finding: In review of the staff records, it was determined that child care staff member(s) did not meet the requirements for completing the online orientation training as noted in numbers 1, 3 & 4 below:

1. The training was not completed within 30 days of starting employment at the program as a child care staff member.
2. Documentation of completing the training after December 31, 2016 was not on file.
3. Completion of the training was not verified in the OPR.
4. A child care staff member had sole responsibility of children and had not completed the online orientation.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Domain: 08 Staff Files

Rule: 5180:2-12-08 Child Care Staff Member Educational Requirements

Code: The program staff is required to have educational verification on file at the program.

Finding: In review of the staff records, it was determined that verification of a high school education for the child care staff member(s) listed on the Employee Record Chart, did not meet the requirements as listed in number 1 below:

1. Verification of completion of a high school education was not on file.
2. Documentation was incomplete or not on file for a high school junior or senior who is enrolled in a career-technical program.
3. Documentation was not on file for a high school junior or senior who is also enrolled in a college credit program in child development or early childhood education.
4. Documentation was not on file for a high school junior or senior who is enrolled in a Child Development Associate (CDA) training program.

Submit the program's corrective action plan, which includes a copy of the education verification, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 10/05/2025

Domain: 08 Staff Files

Rule: 5180:2-12-08 Medical Statement

Code: The program staff's medical statements are required to be completed and on file at the program.

Finding: In review of the staff records, it was determined that the medical statements for the employees listed on the Employee Record Chart did not meet the requirements as listed in numbers 1, 2 & 5 b/c below.

1. A medical statement was not on file for at least one employee;
2. The medical statement(s) on file did not have a date of examination within 12 months of the employee's first day of employment;
3. Date of examination was missing;
4. Signature, business address, or telephone number of the licensed physician, physician assistant, advanced practice nurse, certified midwife, or certified nurse practitioner who completed the examination was missing;
5. A statement was missing that verifies the employee is:
 - a. Physically fit for employment in a program caring for children;
 - b. Immunized against Tetanus, Diphtheria, Pertussis (Tdap);
 - c. Immunized against Measles, Mumps, and Rubella (MMR);
6. Tuberculosis (TB) screening/test information was missing:
 - a. Documentation of the screening process to determine if the employee resided in a country identified by the world health organization as having a high burden of TB and arrived in the United States within the five years preceding the date of application for employment.

- b. Results of a TB test for employees meeting both criteria in 6a.
- c. Results of additional testing for employees with a positive TB test.
- d. Written statement, signed by a representative of the TB control unit, that the employee's TB is no longer infectious or the individual is receiving a TB treatment regimen for employees with a positive TB test.

Submit the program's corrective action plan, which includes a copy of the completed employee medical statement, or TB results/documentation, to the Department to verify compliance with the requirements of this rule.

Rule: 5180:2-12-10 Professional Development Requirements

Code: The program is required to ensure child care staff members, including substitutes used more than ninety days annually, obtain at least 6 hours of professional development each state fiscal year.

Finding: In review of the staff records, it was determined that at least one child care staff member did not meet the annual professional development requirement as noted in number 1 below:

1. The child care staff member(s) had not completed at least six hours of professional development.
2. Documentation did not demonstrate the person who provided the training met the trainer qualifications as stated in the rule.
3. Training topic did not meet the requirements listed in appendix A of this rule.
4. Documentation of training did not meet the requirements of this rule.
5. The substitute(s) had been used more than ninety days annually between July first and June thirtieth and had not completed at least six hours of professional development
6. Other [].

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Domain: 09 Children's Files

Rule: 5180:2-12-15 Medical/Physical Care Plans

Code: The program is required to maintain a complete JFS 01236 "Child Medical/Physical Care Plan for Child Care" on file for any child having a health condition.

Finding: In review of the children's records, it was determined that the JFS 01236 "Child Medical/Physical Care Plan for Child Care" did not meet the requirements of the rule as noted in number 4 below:

1. The JFS 01236 had not been updated as needed and at least annually.
2. A separate JFS 01236 had not been used for each condition.
3. The program used an old version of the JFS 01236.
4. The plan was not able to be implemented due to conflicting information on the form, prescription label and written doctor's instructions regarding dosage.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
