Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03 and 5180:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Rule: 5180:2-12-04 Fire Inspection

Code: The program is required to have all spaces used for child care inspected by the fire department or the state fire marshal's office prior to serving children. The program is required to obtain a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection. If violations are noted during the inspection, the program is required to have all violations corrected and have the program re-inspected to obtain a completed fire form.

Finding: During the inspection, it was determined the program did not meet the requirements for fire inspection as noted in number 1 below:

1. The program did not have documentation on file for a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection and the request for the new inspection was not made at least 30 days prior to the expiration of the previous fire inspection.
2. The documentation for the most recent fire inspection contained violations that had not been corrected.
3. The [] space was being used and had not been approved by the fire department or the state fire marshal's office for child care.

Submit the program's corrective action plan, which includes an updated fire inspection without any uncorrected violations, to the Department to verify compliance with the requirements of this rule.

Rule: 5180:2-12-14 Transportation - Vehicle Requirements

Code: The program is required to use the correct vehicle type as specified in rule. The program is also required to have all vehicles used to transport children inspected by an ASE certified mechanic, FMCSA inspector or the State Highway patrol annually, and correct all repairs that are listed on the vehicle inspection report.

Finding: During the inspection, it was determined the program used a vehicle to transport children that was not approved and/or did not have a current annual vehicle inspection indicating the vehicle was mechanically safe as noted in number 4 below:

1. The program used a converted cargo van or passenger vans designed to carry ten or more passengers. The program must cease the use of this vehicle immediately.
2. The vehicle was not inspected.
3. The vehicle was inspected by someone other than an ASE certified mechanic, federal motor carrier safety administration (FMCSA) safety inspector or the Ohio State Highway Patrol.
4. The vehicle inspection was not updated annually.
5. The vehicle inspection completed from the Ohio Highway Patrol did not meet the rule requirement.
6. The annual safety check of the vehicle(s) used by the program to transport children noted repairs or corrections that had not been completed and/or documented. The safety violations need to be corrected immediately.

Submit the program's corrective action plan, which includes either discontinuing the use of the vehicle, documentation for any new vehicle now being used to transport children, or a copy of the JFS 01230 "Vehicle Inspection Report for Child Care Centers", to the Department to verify compliance with the requirements of this rule.
