Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:08 Staff Files

Rule: 5101:2-12-09 Background Check Requirements

Code: The program is required to refrain from employing an individual who is not eligible to be employed in child care.

Allegation: The complainant alleged there was an employee working at the program that did not have an eligible JFS 01176.

Determination: Substantiated

Findings: During the inspection, it was determined that an owner, owner's representative, administrator, employee or child care staff member, listed on the Employee Record Chart, was not eligible to be employed as noted in number 1 below:

1. The individual had a JFS 01176 "Program Notification of Background Check Review for Child Care" on file stating the individual was not eligible for employment and the program allowed the individual to remain employed.
2. The JFS 01178 "Request for Review of Background Check Decision for Child Care" had been submitted for the individual and the program allowed the individual to be on-site during the review by ODJFS.

The individual must be immediately released from the program. Submit the program's corrective action plan, which includes a statement the individual is no longer employed or a copy of the updated JFS 01176, to the Department to verify compliance with the requirements of this rule.

Risk Level: Serious

Summary of Additional Non-Compliances

Serious Risk Non-Compliances

Domain:00 License & Approvals

Rule: 5101:2-12-03 Inspection Requirements

Code: The program administrator and owner are required to provide true and accurate information.

Findings: During the inspection, it was determined that the program provided false information, in that the administrator stated there was an eligible JFS 01176 for an employee from March 2023 but it was unable to be located on the day of the inspection. Upon further investigation, it was determined the program did not request a JFS 01176 in March 2023 for this individual. An ineligible JFS 01176 was sent on March 20th and March 27th, 2024 to the program and the individual was not immediately released from employment. The rule requires the program to provide accurate and truthful information to the Department. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
