Rule: 5101:2-13-12 Safe Environment

Code: The program is required to provide an environment that protects the children in care from any items and conditions that may threaten their health, safety, and well-being.

Findings: Children in care shall be protected from any items and conditions which threaten their health, safety, and well being. During the inspection, it was determined that surge protectors were not placed on the outlet by the couch in the kids area. Please place covers on these and do a double check around the home to ensure all outlets are covered on the main level and basement.
