Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances			
No Serious Risk Non-Compliances were observed during this inspection			

Moderate Risk Non-Compliances

Domain: 04 Indoor/Outdoor Space

Rule: 5180:2-13-11 Outdoor Space

Code: The program is required to have an outdoor play space free from immediate risk.

Findings: During the inspection, it was determined that an area was used which was not protected from traffic and other hazards by a continuous fence in good condition, or natural barrier, that ensured children were not able to leave the playground area. The fence or natural barrier was determined to present an immediate risk for a child to be able to leave the playground as noted in number 10 below:

- 1. The fence, natural barrier, or combination of fence and natural barrier was not continuous.
- 2. The fencing had missing slat boards through which children could leave the playground.
- 3. The gate was broken and did not close.
- 4. The latch on the gate was broken.
- 5. The gate had no latch.
- 6. The fencing was broken.
- 7. The latch was easily opened by children on the playground.
- 8. The latch was not engaged to prevent children from opening the gate.
- 9. The portable fencing approved for use by the Department was not being used.
- 10. Other: During inspection it was observed that continuous fencing or natural barriers were not present in designated play area. Provider has fencing, but it has not been installed. Provider was reminded of the needed square footage and what was required.

Discontinue use of the playground and provide a space for outdoor play which is well defined by a continuous fence or natural barrier and protected from other hazards. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

Low Risk Non-Compliances

Domain: 01 Ratio & Supervision

Rule: 5180:2-13-18 Attendance

Code: The program is required to maintain a record of the arrival and departure of each child. The program is also required to retain the original attendance record at the program for a period of one year.

Findings: During the inspection, it was determined the program did not meet the requirements for keeping an attendance record as listed in number 4 below. During inspection it was observed that the provider was using a form that another agency requires, but their form is missing information that we require. Recommended writing DCY required information on the form, to be compliant with both agencies and use one form:

- 1. No attendance record was being maintained.
- 2. The attendance record was not being consistently completed.
- 3. The record did not include the name of at least one child.
- 4. The record did not include the birth date of at least one child.
- 5. The record did not include the assigned group.
- 6. The record did not include the child's weekly schedule.
- 7. The record did not include the time (hours and minutes) of each child's arrival and departure to the program, including transportation by the program.
- 8. The original attendance record was not kept at the program for a period of one year.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
