

## Center Licensing Inspection Full Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at <http://jfs.ohio.gov/CDC/childcare.stm>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

**Summary of Non-Compliances**

*If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.*

**Serious Risk Non-Compliances**

**No Serious Risk Non-Compliances were observed during this inspection**

**Moderate Risk Non-Compliances**

Rule: 5101:2-12-04 Fire Inspection  
Code: The program is required to have all spaces used for child care inspected by the fire department or the state fire marshal's office prior to serving children. The program is required to obtain a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection. If violations are noted during the inspection, the program is required to have all violations corrected and have the program re-inspected to obtain a completed fire form.

Finding: During the inspection, it was determined the program did not meet the requirements for fire inspection as noted in number(s) 1 below:

1. The program did not have documentation on file for a fire inspection without any uncorrected violations within 12 months from the date of the last fire inspection and the request for the new inspection was not made at least 30 days prior to the expiration of the previous fire inspection.
2. The documentation for the most recent fire inspection contained violations that had not been corrected.
3. The [ ] space was being used and had not been approved by the fire department or the state fire marshal's office for child care.

Submit the program's corrective action plan, which includes an updated fire inspection without any uncorrected violations, to the Department to verify compliance with the requirements of this rule.

**Domain: 01 Ratio & Supervision**

Rule: 5101:2-12-19 Supervision

Code: The program staff is required to supervise children in their assigned group by sight and hearing. Supervision includes being near enough to respond and reach children immediately and protecting them from harm.

Finding: During the inspection, it was determined that children were left unattended while inside the program as noted in number(s) 1 below:

1. Child(ren) were left unattended once in that the toddler teacher left one child unattended in the toddler 1 room while she answered the door with the other child.
2. Child(ren) were left unattended more than once.
3. Child(ren) left the group and were unattended.
4. Child care staff were using a baby monitor to supervise children.
5. Child care staff were using a walkie talkie to supervise children.
6. Child care staff were using mirrors to view children in another room.
7. Child care staff were using a video camera instead of physically being present in the room.
8. Other [ ].

Children must be supervised and within sight and hearing of a child care staff member at all times. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

**Domain: 04 Indoor/Outdoor Space**

Rule: 5101:2-12-11 Outdoor Play Equipment

Code: The program is required to anchor equipment to the ground as required, to close "S" hooks to prevent the chain from slipping off and prevent strangulation and provide equipment with openings that will not pose a safety risk.

Finding: During the inspection, it was determined that equipment on the outdoor play space posed an imminent risk of harm to a child as noted in number(s) 7 below:

1. The climber was not anchored.
2. The swings were not securely anchored.
3. The slide was not securely anchored.
4. The climbing rope was not securely anchored at both ends.
5. The "S" hooks on the climber were not closed in order to prevent the chain from slipping off the hook and prevent strangulation.
6. The "S" hooks on the swing(s) were not closed in order to prevent the chain from slipping off the hook and prevent strangulation.
7. The distance between the top step on the ladder and the platform on the large climber had an opening that was greater than three and one-half inches, but less than nine inches (measured at 7.5 inches). Equipment openings must be less than 3 1/2 inches or more than 9 inches to avoid the risk of entrapment.

Discontinue the use of this equipment until it has been removed, repaired or replaced. Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
