The program separated the school age room (13, 14, 15) into three spaces using shelving and storage cabinets. The Certificate of Occupancy reflects that this space is not approved for children under 30 months of age. Five toddlers, under 30 months of age, were cared for in space #13. In contact with the local building department's official the program can not care for children under 30 months of age in this space. Submit the program's corrective action plan, which includes building approval for use of this space, a written statement that the building occupancy limitations are being maintained, or a written statement that it is no longer being used, to the Department to verify compliance with the requirements of this rule.
