Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

No Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain: 04 Indoor/Outdoor Space

Rule: 5101:2-13-11 Fall Zone

Code: The program is required to have an adequate fall surface on the outdoor playground.

Findings: During the inspection, it was determined that the playground did not have enough much for fall surface under and around equipment as noted in the following number three below:

1. No fall surface
2. Adequate fall surface to soften the impact of a fall
3. Other not enough mulch for fall surface

Any equipment designed for climbing, swinging, bouncing, or sliding needs a fall zone of protective material resilient under and around the equipment in order to protect children in the event of a fall. Submit the program's corrective action plan, which includes written verification of the discontinued use of this equipment until corrections are made along with a description of the resilient material added, to the Department to verify compliance with the requirements of this rule.

Corrective Action Plan Due: 07/16/2023
