Licensing Inspection Full Report

All licensed early care and education programs are inspected at least once each year. Non-compliances are documented and grouped by risk level. Documenting statements, technical assistance provided and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the Department of Children & Youth website at https://childcaresearch.ohio.gov/ . This includes complaint investigation reports with substantiated allegations. For any other early care and education records, please contact the Family and Customer Support Center at 1-844-234-5437.

Summary of Non-Compliances

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5180:2-12-03, 5180:2-13-03, 5180:2-19-10 and 5180:2-20-02 detail the process for submitting a request for review. The request for review must be submitted within ten business days from the receipt of the licensing report. In addition, if the program is Step Up To Quality rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Serious Risk Non-Compliances

A serious risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

No serious risk non-compliances were observed during this inspection

Moderate Risk Non-Compliances

A moderate risk non-compliance is a licensing rule violation that has the potential to lead to a great risk of harm to a child and is observable and/or based on facts.

No moderate risk non-compliances were observed during this inspection

Other Non-Compliances

This section includes other rule violations that are observable and/or based on facts.

Domain: **03 Postings & Equipment**

Rule: 5180:2-13-16 Medical, Dental, and General Emergency Plan

Requirement: The program is required to post the fire and weather alert plan with a diagram.

Finding: During the inspection, it was determined the posted weather and fire alert plan did not meet the requirements in rule.

The following was observed: the weather and fire alert plan were not posted in the kitchen or the living room.

Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule.

Corrective Action Plan Due: 11/18/2026

Domain: **05 Health & Safety**

Rule: 5180:2-13-16 Emergency Preparedness and Response Plan

Requirement: The program is required to have a completed emergency preparedness and response plan.

Finding: During the inspection, it was determined the program's written emergency preparedness and response plan did not meet the requirement or was missing the information.

The following was observed as inaccurate:

The section on medical or dental emergencies did not include procedures for dental emergencies. The section also mention staff members; the provider is the only staff member.

The section on assisting infants, toddlers, and children with special needs did not mention toddlers.

The section on location of supplies and procedures for gathering supplies did not use the current form names. Medical forms are no longer required for children; instead, for children not yet attending Kindergarten or a grade above, an immunization record is required to be on file. Additionally, for children needing a care plan or medication, the

appropriate form is now called the DCY 1236 "Health Care Plan Documentation & Permission to Administer Medication".

Submit the program's corrective action plan, which includes the missing information, if applicable, to verify compliance with the requirements of this rule. Please only upload the sections that need corrected to the corrective action plan, and not the whole EPRP.

Corrective Action Plan Due: 11/18/2026

This section documents technical assistance provided to the program when the program demonstrated an overall level of compliance with a rule requirement.
