Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Rule: 5101:2-13-19 Child Guidance

Code: The provider and child care staff members are required to use appropriate behavior management techniques.

Allegation: 2 children at the Program were not supervised within sight or hearing which allowed a serious incident to occur.

Determination: Substantiated

Findings: During the inspection, it was determined that two child care staff members had abused, endangered, or neglected a child. Child care staff members, administrators, and providers must always use appropriate guidance and management methods with children and ensure that children are safe at all times. The individual needs to cease employment immediately. Please note this non-compliance finding is not subject to change past the ODJFS Request for Review timeline following any potential revision of the substantiated disposition by an outside agency. Submit the program’s corrective action plan, which includes a statement that the individual is no longer employed, to the Department to verify compliance with the requirements of this rule.
