

Approved Child Day Camp Inspection Full Report

Approved child day camp programs are inspected at least once each year. Non-compliances are documented in the inspection report and may include documenting statements and supplemental information. Inspection reports can be viewed on the child care website at <http://jfs.ohio.gov/CDC/childcare.stm>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

Domain: 23 Medication

Rule: 5101:2-18-11 Medication and special health needs

Code: A written medical care plan shall be used for children with a condition or diagnosis that requires specific care and/or intervention by child day camp staff.

Findings: "During the inspection, it was determined that the written medical care plan did not meet requirements in that it was missing items in number(s) [1,2,3] below:

1. The symptoms the staff should monitor which may require staff to take action.
 2. Administering procedures which require staff to be trained on those procedures.
 3. Avoiding specific food(s), environmental conditions or activities.
 4. Permission for the child to carry and administer their own emergency medication, if applicable.
- Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."

Domain: 23 Medication

Rule: 5101:2-18-11 Medication and special health needs

Code: A written medical care plan shall be used for children with a condition or diagnosis that requires specific care and/or intervention by child day camp staff.

Findings: "During the inspection, it was determined that the approved child day camp did not follow the process for a medical care plan in that the child day camp did not complete items in number(s) [2] below:

1. Ensure the parent completes and signs a written medical care plan for each condition per child.
 2. Review the written medical care plan for completeness and ensure the medical care plan is signed by an administrator or designee.
 3. Implement and follow all requirements of each child's medical care plan.
 4. Ensure the medical care plan is signed by any trained child day camp staff member who is providing care to the child.
 5. Maintain a current medical care plan for any child who requires one, in a location that can be easily and quickly accessed at all times, including on field trips and when the child is off-site.
 6. The written medical care plan shall be on file with the approved child day camp by the first day of attendance or upon confirmation of a health condition.
 7. If the approved child day camp suspects that a child has a health condition, the camp may require a physician's statement within a designated timeframe.
 8. Only staff members trained by the parent or a certified professional shall be permitted to perform medical procedures.
 9. There shall be a trained staff member on-site at all times whenever a child who has a health condition is present.
- Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."

Domain: 23 Medication

Rule: 5101:2-18-11 Medication and special health needs

Code: Approved day camps must appropriately store and administer medications.

Findings: "During the inspection it was determined that requirements for the administration of medications were not met in the number(s) [5]below:

1. A prescription medication was not stored in the original container with a label that includes the child's full name, a current dispensing date within the previous twelve months, and exact dosage and directions for use.
2. A medication or topical product was administered for a period of time beyond the date indicated by the physician, physician's assistant, advanced practice nurse certified to prescribe medication, or licensed dentist, on the prescription label, for twelve months from the date on the form, or after the expiration date on the medication, whichever comes first.
3. A non-prescription medication was not stored in the original container with a manufacturer's label containing directions based on the age and/or weight of the child.
4. A nonprescription medication dosage exceeded the prescribed dosage or the manufacturer's recommended dosage.
5. Written permission to administer the medication was not obtained from the parent.

Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."
