Findings: "During the inspection, it was determined that medication was not stored safely as indicated in the number 1 below:

1. Medication was not safely stored upon arrival at the approved child day camp.
 2. Medication was not kept out of reach of children, except a school-age child is permitted to carry their own emergency medication and written permission from the parent is on file at the approved child day camp.
 3. Medications or products that required refrigeration were not stored immediately upon arrival at the approved child day camp, if needed.
 4. Medications were not accessible to employees at all times, including on field trips and when children are off-site.
 5. Medications and products were not removed from the approved child day camp when no longer needed or expired.
- Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."

Domain: 23 Medication

Rule: 5101:2-18-11 Medication and special health needs

Code: Approved child day camps must appropriate document the administration of medication.

Findings: "During the inspection it was determined that the approved child day camp did not appropriately document the administration of medication or application of a topical product in that the form did not include the item(s) in numbers 4,5,6,7 below:

1. The child's name.
2. The child's date of birth.
3. The medication name.
4. The medication dosage.
5. The date the medication was administered.
6. The time the medication was administered.
7. The signature of the person administering the medication.

Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."

Domain: 23 Medication

Rule: 5101:2-18-11 Medication and special health needs

Code: Approved day camps must appropriately store and administer medications.

Findings: "During the inspection it was determined that requirements for the administration of medications were not met in the number 1 below:

1. A prescription medication was not stored in the original container with a label that includes the child's full name, a current dispensing date within the previous twelve months, and exact dosage and directions for use.
2. A medication or topical product was administered for a period of time beyond the date indicated by the physician, physician's assistant, advanced practice nurse certified to prescribe medication, or licensed dentist, on the prescription label, for twelve months from the date on the form, or after the expiration date on the medication, whichever comes first.
3. A non-prescription medication was not stored in the original container with a manufacturer's label containing directions based on the age and/or weight of the child.
4. A nonprescription medication dosage exceeded the prescribed dosage or the manufacturer's recommended dosage.
5. Written permission to administer the medication was not obtained from the parent.

Correct the violation and submit the program's corrective action plan to verify compliance with the requirement of the rule."
