

Center Complaint Inspection Summary Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at <http://jfs.ohio.gov/CDC/childcare.stm>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

Complaint Allegations

If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.

Domain:05 Health & Safety

Rule: 5101:2-12-16 Incident/Injury Reporting

Code: The program is required to submit notification of a serious incident in OCLQS by the next business day.

Allegation: Allegedly the program has not submitted serious incident reports as required.

Determination: Substantiated

Findings: During the inspection, it was determined that a Serious Incident was not reported in the Ohio Child Licensing and Quality System (OCLQS), as required, by the program administrator or designee for an incident(s) as listed in number(s) 2 & 4 below:

1. An incident, injury or illness that required professional medical consultation or treatment.
2. An unusual or unexpected incident which jeopardizes the safety of a child, child care staff member or employee of the program. (The program evacuated/fire department arrived due to smoke in the building)
3. An incident defined as a serious risk non-compliance in appendix A to rule 5101:2-12-03 of the Administrative Code.
4. The program did not submit the report in OCLQS by the next business day as required by rule.

Submit the program’s corrective action plan, which includes a statement that the program administrator or designee has completed the Serious Incident Report in OCLQS, to the Department to verify compliance with the requirements of this rule.

Risk Level: Low

Summary of Additional Non-Compliances

Serious Risk Non-Compliances

No Additional Serious Risk Non-Compliances were observed during this inspection

Moderate Risk Non-Compliances

Domain:01 Ratio & Supervision

Rule: 5101:2-12-18 Ratio

Code: The program is required to maintain the appropriate staff to child ratio for each group served.

Findings: During the inspection, a ratio of one (1) child care staff member for nine (9) children was determined to have occurred for the combined older toddler/young preschool and the older preschool group were combined when the situation in number 15 below occurred:

1. A child care staff member stepped out of the room.
2. A child care staff member had not arrived at work on time.
3. Children were present who were not scheduled to be there.
4. A child care staff member was unable to work.
5. A child was injured in that group.
6. A child arrived in the group before a second staff member was scheduled to arrive with the group.
7. Two groups were combined, and the program did not follow the ratio for the youngest child in the group.
8. A child was transitioning to the next older age group, and the program did not follow the ratio for the youngest child in the group.
9. Ratio was doubled for more than two hours while children were napping.
10. Ratio was doubled while children were napping for a group that included at least one infant.
11. Ratio was doubled while children were napping and there were not enough staff members in the building to meet staff/child ratio.
12. Ratio was doubled in the school age group to allow access to the program, however, the program does not serve only school age children.
13. Both child care staff members did not have a working communication device when one staff member left the group to allow access to the school age only program.
14. The child care staff member did not return to the group after allowing access to the school age only program.
15. Other: a toddler entered the group to use the restroom and stayed with the staff member and the older children -older toddler/young preschool and the older preschool group were combined and the staff member had a young toddler (under 30 months).

Additional child care staff members must be hired or current child care staff members must be rescheduled to maintain compliance. Provide staff training. Submit the program's corrective action plan, which includes a statement that training was provided, to the Department to verify compliance with the requirements of this rule.

Low Risk Non-Compliances

Domain:01 Ratio & Supervision

Rule: 5101:2-12-18 Attendance Records

Code: The program is required to have a method for tracking the children in each group. The tracking method must be updated throughout the day and kept with the group at all times.

Findings: During the inspection, it was determined that the method for tracking children in each group did not meet the requirements of the rule as noted in number 4 below:

1. There was no method in place;
2. The method did not include each child's name;
3. The method did not include each child's date of birth;
4. The tracking method did not remain with the group at all times (when groups combined attendance/tracking was not available for each group);
5. The tracking method was not updated throughout the day as children entered or left the group.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
