

## Family Child Care Licensing Inspection Full Report

All licensed child care programs are inspected at least once each year. Non-compliances are documented and grouped as Serious, Moderate or Low risk violations. Documenting statements and supplemental information may be included in this report. Licensing inspection reports from the previous three years can be viewed on the child care website at <http://ifs.ohio.gov/CDC/childcare.stm>. This includes complaint investigation reports with substantiated allegations. For any other child care records, please contact the Child Care Help Desk at 1-877-302-2347, option 4.

### Summary of Non-Compliances

*If a program disagrees with a licensing finding, the program may request a review of the finding(s). Ohio Administrative Code 5101:2-12-03 and 5101:2-13-03 detail the process for submitting a request for review. The request for review must be submitted within seven business days from the receipt of the licensing report. In addition, if the program is star rated, the rating may be impacted if a serious or moderate risk non-compliance is cited.*

Rule: 5180:2-13-18 Attendance

Code: The program is required to maintain a record of the arrival and departure of each child. The program is also required to retain the original attendance record at the program for a period of one year.

Findings: During the inspection, it was determined the program did not meet the requirements for keeping an attendance record as listed in numbers 1 and 2 below:

1. No attendance record was being maintained: During monitoring inspection it was observed that attendance for the day was not completed. Provider was informed that attendance records need to be completed even on days when no children are in attendance. Provider is open 24 hours a day 7 days a week. Attendance record was completed during inspection. Provider was informed that attendance records need to be completed even on days when no children are in attendance. Provider is open 24 hours a day 7 days a week. Attendance record for the day was completed during inspection.
2. The attendance record was not being consistently completed: During monitoring inspections it was observed that attendance records were not consistent. Provider was informed that attendance records need to be completed even on days when no children are in attendance. Provider is open 24 hours a day 7 days a week. Provider is to complete attendance records fully on a daily basis.
3. The record did not include the name of at least one child.
4. The record did not include the birth date of at least one child.
5. The record did not include the assigned group.
6. The record did not include the child's weekly schedule.
7. The record did not include the time (hours and minutes) of each child's arrival and departure to the program, including transportation by the program.
8. The original attendance record was not kept at the program for a period of one year.

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.

**Domain: 04 Indoor/Outdoor Space**

Rule: 5180:2-13-11 Outdoor Space

Code: The program is required to have an outdoor play space free from immediate risk.

Findings: During the inspection, it was determined that an outdoor play area was used which was not protected from traffic and other hazards by a fence in good repair, or other barrier. Although the fence or natural barrier was not meeting the rule requirements, it was determined to not present an immediate risk for a child to be able to leave the playground. The fence or gate was not in good repair and/or being used inappropriately as noted in number 10 below:

1. The fencing had missing slat boards.
2. The fencing was broken.
3. The fencing was loose.
4. The fencing was rotting.
5. The gate was broken and did not close.
6. The gate was locked.
7. The latch on the gate was broken.
8. The latch was easily opened by children on the playground.
9. The latch was not engaged to prevent children from opening the gate.
10. The gate had no latch. During monitoring inspection it was observed that the deck gate needed to be better anchored and able to latch. Suggestions to achieve this were explained to provider. Provider seemed to understand the suggestions.
11. There were bolts with more than two threads exposed along a fence line or gate on a playground.
12. Other [ ].

Submit the program's corrective action plan to the Department to verify compliance with the requirements of this rule.
